HUNT JEALOUS RIVAL IN LAKE DEATH PUZZLE

WILKESBARRE, Pa., July 9.—The death of Miss Alice Crispell, eighteen years old, in Harvey's Lake, the night of the Fourth of July, has developed into the most mysterious case the authorities of Luzerne County have had to handle in many years. Although Herbert Johns, twenty-eight years old, of this city, Alice's sweetheart, is in the county prison on suspicion of having murdered her, the county's detectives and the state police from the Wyoming barracks near here, who are investigating the case, are not so certain today that he was responsible for the girl's death.

BEVERLY, July 9.—John McNaughton dropped into the A. O. U. room on City street last night, found a group of friends there and kept them laughing all the evening for his stories. After they had gone, he committed suicide.

Two Alarms for East Boston Fire

Two alarms were sounded for a East Boston burning yard here today, though the damage was \$1,000. The second alarm was sounded because the fire was in a dangerous district, and a big wind was blowing. The fire started in a pile of lumber in P. L. Hurlin's lumber yard, and the sparks set the roof going at James M. Simpson's hardware shed, a hundred yards away. Two fireboats, and the East Boston and Chelsea companies doused the flames in short order.

Receiverships in Pittsburgh Spread

PITTSBURGH, July 9.—Attorneys presented petitions before Judge Charles P. Day in United States Court this afternoon asking for receiverships for six subsidiary companies of the American Water Works and Electric Company, which is now in the hands of receivers. Judge Day granted the petitions and the receivers have so far not been named.

"The first result of real enforcement of health laws will mean a big increase in the death rate, because you will be getting honest reports from physicians."

"Does that mean?" asked Representative M. J. Keenan of Lynn. "that physicians do not make true reports on their death certificates?"

"It means," answered Mr. McSweeney, "that your death certificate is a lie."

"The State Board of Health seems to be to see how many offices it can create rather than what effective work it can perform."

"The State Board of Health responsible for the spread of tuberculosis?" Representative Keenan queried.

"Its system is at fault," said Mr. McSweeney. "It claims it has only advisory powers. I believe it has plenty of mandatory powers if it would but exercise them. It has not enforced the health laws."

John D. at 74 Tells How to Keep Young

"Fresh Air, Simple Food, Exercise, Tranquil Mind," His Formula.

CLEVELAND, O., July 8.—"Fresh air, exercise, simple food, a tranquil mind and a friend or two will keep one young," is the doctrine preached and practiced by John D. Rockefeller, who in a stately style celebrated the seventy-fourth anniversary of his birth.

The outward and visible sign of this rule of life was demonstrated when John D. was found in perfect health, although a trifle thinner than usual. He stopped over the golf links with the simplicity of a boy and his clear grey-blue eyes followed the ball accurately driven by his well-aimed arm.

"Waste of energy is one of the wanton extravagances of the times," said Mr. Rockefeller. "It sets the example to incompetence, in work and play."

Louisiana Town Is Destroyed by Fire

NEW ORLEANS, July 8.—Independence, La., a town of 1,000 inhabitants, has practically been destroyed by fire. The loss exceeds \$200,000. Only three buildings, a small box factory and two dwellings were left.

REDMOND TO BE PREMIER OF IRELAND

LONDON, July 8.—It has been decided to ask the King and Queen to open the first Irish Parliament in Dublin.

The house rate bill, which passed its third reading in the House of Commons on Monday, is now in something like its final form. In a forecast of the procedure as regards the institution of some rate the Daily News says:

"On the great housing question, it is understood, the King will be advised to send for John Redmond, who will be asked to form a government. On the first passage of the bill Irish Privy Counsellors will be conferred on Messrs. Redmond and Dillon and their leading colleagues. In due course Mr. Redmond will retire from the active leadership of the Nationalists in the House of Commons and will doubtless be succeeded by T. P. O'Connor.

"It is the present hope that under the rule the House of Commons may be Lord Lieutenant of Ireland."

Early Morning Fire in Higginson Home

Valuable Hangings Ruined by Clouds of Smoke.

There was a \$500 fire early today in the home of Francis L. Higginson, Jr., No. 215 Commonwealth avenue. Smoke from the basement rolled through the house, ruining some beautiful hangings, and melted the white woodwork, plaster and plasterers are already at work repairing the damage.

The fire started in the wood room in the cellar. A policeman gave the alarm. The smoke woke John O'Brien, the caretaker, and he, with his wife and child, took the elevator to the basement. He found the firemen already there. Mr. Higginson and his family were away.

SEDGWICK PUTS K. ON EGGS 3 YEARS OLD

Professor William Thompson Sedgwick of Technology, who declared at a State House hearing a rotten egg would not hurt you "once you get it down," is at home.

He appeared as an expert witness for the H. J. Ketch Company of Topsham, Maine, before the New Jersey State Board of Health in Trenton yesterday. This egg company has a Boston office at No. 12 South Market street.

Trenton's oldest two years ago testified for this company in Trenton. The technology professor of bacteriology declared that 400 cases of food poisoning were caused by the government three years ago as unfit for food were still perfectly wholesome.

He told of feeding them to members of his family and attaches of his laboratory, who suffered no ill effects.

The professor also told about Li Hoo Chang when he visited America bringing with him eggs one hundred years old because there were none in this country old enough to suit his palate.

Judge Gross of the United States District Court decided that the government had not proved its case. He was reversed by the Circuit Court of Appeals. This decision was in turn reversed by the Supreme Court of the United States on the ground that it was without jurisdiction.

All that now keeps the eggs from being sold immediately to the public is the withholding of an order of the New Jersey State Board of Health releasing them from storage.

Don't you want to send in your order for a contingent of these eggs? They are only three years old. And Professor Sedgwick says they are all right.

But—Eggs are eggs!

PIMPLES COVERED ENTIRE BODY

Spread to Head and Formed Thick Crust. Burning Itching As If On Fire. Scratched Day and Night. Cuticura Soap and Ointment Cured in Two Months.

29 Grove St., Springfield, Mass.—"When my little boy was born he had a skin and clear skin, but at the end of a month I perceived that he was breaking out on the forehead and left arm with a quantity of red pimples which discharged and spread until they covered his entire body. It spread rapidly to his head and formed a thick crust which discharged. The trouble caused him a burning itching as if he were on fire. He began to scratch until the blood flowed in abundance, he scratched day and night without being able to sleep. I kept his hands, arms and legs bandaged for a year. You can imagine what a grief to mother I was.

I tried three treatments which did not afford him any relief. He scratched himself until he was three years old. It was then I commenced to use Cuticura Soap and Ointment. At the first application I perceived that the itching was not so intense. I continued with assurance. At the end of two months my child was entirely cured." (Signed) Mrs. Uderic Aquino, Mar. 11, 1913.

Cuticura Soap and Cuticura Ointment are sold everywhere. Liberal sample of each mailed free, with 25¢ Skin Book. Address post-card to "Cuticura Dept., T. Boston." Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

CASSIDY GIVES 8 RULES FOR CARE OF MILK

Babies and children are among the chief sufferers from the hot weather. One of their chief foods is milk. You cannot be too careful of the milk you use at the table for both children and adults. Mr. Cassidy tells you today how to care properly for milk during the hot weather.

By HARRY P. CASSIDY.
Dr. Walter Bailey, chairman of the board of trustees of hospitals for consumptives stated at the tuberculosis bearing at the State House the other day that in his opinion 10 to 25 per cent. of all cases of tuberculosis in children under fifteen years of age were traceable to cows. He favored pasteurization of the milk supply.

It would be one of the best things for the infant and the general public health if all milk were pasteurized. One of the large milk producers, claiming for his pasteurized milk that during sixty-six years of continuous service not a case of disease has been traced to it.

Pasteurize at Home.
Pasteurized milk is easily obtainable. But if you happen to get your milk from a dealer who does not pasteurize his product, you can pasteurize it at home.

Fill your bottle of milk in water of moderate temperature. Then pour it through warm water until it is at a temperature of 145 degrees Fahrenheit. Let the bottle remain thirty minutes then put in the refrigerator or in a cool place where the temperature is not more than forty degrees.

Milk is a perishable food. The milk from the cow is full of germs. It grows through which germs get into the milk. It is necessary to keep the milk in a cool place, and to keep it from being exposed to the sun, dust, dirt and flies are the carriers through which germs get into the milk. Therefore use that your milk is protected from dust, dirt and flies.

Keep Milk Cold.
Remember the most important rule about the care of milk is, KEEP THE MILK CLEAN, KEEP IT COOL AND KEEP IT COVERED.

Here are some cautioning sense rules for the protection of milk:

1.—Do not allow milk to stand on the porch, pump water, under a tree or in any place where the driver leaves it. Place it promptly in the ice box.

2.—Keep your ice box cold. Keep it well stocked with ice. You cannot obtain good refrigeration without a well-stocked ice compartment.

3.—Keep your refrigerator clean. Keep it free from discharges of odor. Milk absorbs unpleasant odors very readily. Strong smelling food, such as garlic, onions and strong cheese should not be kept in the same compartment with the milk or butter.

4.—Keep the milk prepared for the infant feeding in nursery bottles in the ice box until just before using.

5.—Don't heat your baby's milk at evening and keep it warm until the night or early morning feeding. The heat thus maintained is most favorable to the growth of germs.

6.—Put away in the ice box immediately after receiving and use portion of milk. Letting it stand in the warm room hastens the growth of germs.

7.—The milk into clean receptacles. Dirty vessels will be ready to contain the milk as dust, dirt and flies.

8.—Keep your milk at a time. Order a fresh supply daily.

PILGRIMS GO INTO
SIXTH POSITION IF

PILGRIMS AND CARDINALS IN DOUBLE HEADER

The Pilgrims will meet the Cardinals in a doubleheader at the South End grounds this afternoon. The Pilgrims came up within two points of their opponents by winning yesterday's game and a double victory today would land them in sixth place by a fifty-five margin.

The return to the home posture seems to have worked wonders with Stallings' men, as can be judged by their playing in yesterday's game and if they are successful against the Western team they should be leading the second division before they start at home tomorrow.

Pittsburgh is only a few games ahead of the Pilgrims and so the Pirates face the Phillies, Giants and Dodgers the chances of the South Enders being the second division are even better.

"Slim" Salter, the star batsman of the Cardinals, who stood the Pilgrims on their heels in an extra inning game here last time will appear in Bill James in the first game of the doubleheader today.

His "buddy" will pitch the second game for the locals, while "Polly" Peritt will perform for St. Louis.

Powers to Coach Harvard Athletes

WORCESTER, July 6.—Fred Powers, former all-round amateur champion athlete of the United States, resigned yesterday as physical director of the East Park Municipal Playground, to take up his new duties as coach of the field athletes of Harvard College.

Powers has had charge of the Worcester Academy athletes for several years, and has been considered one of the best as he has received from the Harvard athletic managers to go to Cambridge to coach the athletes in the field and weight events.

Mike Ryan, Famous Runner, Elopes

NEW YORK, July 6.—Desiring to avoid a church wedding, Michael J. Ryan of No. 228 East Fourth street, a runner, who as a member of the Irish-American A. C. took part in the Richmond Olympic meet, eloped with Miss Jeanette Loretta Donnelly of Lakewood, N. J., Monday night.

The couple were married in Great Neck by Rev. John J. Malley. The parents of Mrs. Ryan, who was there as a witness for the couple, as there was no opposition to their marriage.

Boston Players Win in Athletic Tourney

SEABRIGHT, N. J., July 6.—W. M. Wetherby, the young Harvard player, G. F. Gardner, Jr., of Boston, G. F. Tomchard, Long Island champion, and F. M. Pelt, former National champion, won their place yesterday in the annual round of the Athletic Cup have tennis today.

Wetherby accomplished something of an upset, as he defeated W. J. Clift, former National champion, 6-4, 6-4. The younger man was strong and aggressive at the net.

Pelt eliminated R. D. Little, the internationalist, unopposed, 6-1, 6-1. Pelt was driving splendidly and Little was tiring on off-day.

William A. Larned played in the doubles. The veteran was in excellent form, and with George L. Wren, Jr., defeated H. H. Whitman and L. E. Mahan, 6-4, 6-2.

VANCOUVER, B. C., July 6.—Bob Twizler, regarded as one of the best pitchers in the Northwest League, has been sold by the Vancouver Club to the Cincinnati Club of the National League.

Free Baseball Tickets for You, Fans! Root for Red Sox! Root for Braves!

If you hold one of the numbered baseball tickets which the AMERICAN has distributed broadcast, it would be well for you to study carefully the sport pages of the AMERICAN's Sporting News Edition today, tomorrow and every day until further notice.

Every one of the small checks which have been, and are being distributed, is numbered. The AMERICAN prints, each day, in the Sporting News Edition 100 duplicate numbers. If you hold a check, all you have to do is compare the number printed on it with the list of numbers printed in the Sporting News Edition each day, and when a duplicate of the number you hold appears in the AMERICAN, if you can find it, you get a free ticket to any one of the Red Sox or Braves' games—take your choice, it costs you nothing.

"Standing room only" is the watchword at Fenway Park and at the Walden street grounds these days, but holders of AMERICAN numbered checks do not have to stand on the line. The tickets are now being issued direct to the holders to a grandstand seat at any game and at any time during the season of 1913.

Remember, all you have to do is to watch the fully listed in the Sporting News Edition of the AMERICAN and when a duplicate of the number you hold appears, bring or send same to the AMERICAN Promotion Department, 5 Washington square, and you will receive a free ticket to any one of the Red Sox or Braves' games at the home grounds.

If you haven't yet noticed any of these checks, ask your newsdealer or newspaper, who will be glad to supply you. Checks may also be obtained at AMERICAN Promotion Dept. Watch your number carefully. If your number does not appear today, it may tomorrow. When it does, it means a free Red Sox or Braves ticket for you.

White Sox Buy Daily; Not the Red Sox

Catcher Tommy Dail, July 6.—The New England League baseball club was yesterday sold to the Chicago White Sox, and got the Red Sox, as was announced by Secretary Robert B. Melroy of the Boston club last night.

It seems that several big league scouts were after the services of Dail, and Manager Jimmy Gray of the Lowell team set the purchase price of the star player at \$1200. Melroy telegraphed Gray that he thought President McAlver of the Red Sox would buy Dail. McAlver was out of town and before Melroy could get in touch with him, President Charles Comiskey of the Chicago club, through his agent, George Hays, accepted the proposition to purchase Dail. Hays immediately wired back his acceptance of the offer and the deal was closed there and then.

At the Red Sox only had a verbal agreement with the Lowell club the White Sox won the player. Dail will report to the Chicago Club at the end of the New England League season.

ST. LOUIS, Mo., July 6.—The Red Sox begin their second invasion of the West here today, in the first of a three-game series with the Browns. A successful showing on this trip may mean late to the Championship, as there is no telling how the Athletics will fare in the West.

The Sox made twenty in all, Forrester, Cadby, the big catcher, being left at home to nurse a bruised hand, while Shell, the Browns' first baseman, was also left behind, as one of his fingers is in a very bad shape. Despite the small number of players in the party, however, all seem happy and confident and hope that their stand against the Western team will be for the better.

If anything should happen to any of the Red Sox infielders just now the team would be in a predicament, as only one extra infielder is being carried on this trip, and he is in no condition to play. Duvall is the only substitute, but he is a very poor player, and could be proved to service at shortstop, third base or first base.

Likewise only one extra outfielder is in the party, but as the Sox gardeners seldom get laid up he will do little or no work in the field.

Word reached here today that Everett Scott of the Youngstown, O. club will join the team at Chicago on Saturday. Scott is a shortstop, and was with the last team to be left out, but his playing has been so sensational a player that President McAlver was induced to give him another try in his company.

Ray Collins will probably start today's game. Collins was only given a reprieve of an inning, and should be in shape to win tomorrow. Walter Johnson will pitch for St. Louis.

Transfer Holyoke Club to Meriden

MERIDEN, Conn., July 6.—Announcement was made here last night that the Holyoke baseball team of the Eastern Association had been transferred to this city for the remainder of the season. The team will be played here Saturday day with New London. Negotiations for the transfer have been under way for the last week. It is said that the team is in the best of playing condition at Holyoke this season.

Bud Anderson Laid Up in Hospital

LOS ANGELES, Cal., July 6.—"Bud" Anderson, the Oregon lightweight boxer, who was defeated by Louie Cross at Yreka, July 4, is in a serious condition in a Santa Monica hospital. The beating he received is believed to have affected his kidneys.

Dr. Byron Palmer, the attending physician, said today that Anderson was a very sick man.

Capablanca Wins Again

NEW YORK, July 6.—J. E. Capablanca of Havana played his third game in the masters' tournament of the New York Chess Club yesterday against J. Bornstein, whom he defeated in a Queen's pawn opening after twenty-nine moves. Capablanca played very quickly, consuming only seventeen minutes, to his opponent's one hour and ten minutes. Capablanca now leads the field with a score of 3 to 0.

Naps Beat Youngstown

YOUNGSTOWN, O., July 6.—The Cleveland Americans defeated the Youngstown Interstate League team yesterday, 8 to 3.

Wagner Says He's Far from "All In"

PITTSBURGH, July 6.—Just before the Pirates started for Philadelphia, Hans Wagner, having a nervous headache, quivered around. A friend asked him how it felt to go to a member of the "How and Our" Club. Today that steamer grip into his car seat, Wagner answered:

"That's the way it's been going for three seasons. The old boy for the home-ward, you hear? Three seasons ago I took an ankle at Brooklyn. Some fine stuff, 'Chas. B. old stuff, your number's been taken."

I beat 'em then, and in 1912, and am going to try to win the pennant again. It's an old player's lot to hear only talk whenever he is hurt. It's a little in getting him. All he has to do is to play again. Mack may not be able to go much this season, but watch him in the next race."

For the Past Ten Years in All My Stores I Have Made the Second Week in July

PANTS WEEK

All the odd trousers left uncalled for I have gathered from my seventeen stores and brought them to my Boston store, and all the ends of piece goods in which enough was left for a pair of trousers I have been keeping my help busy the past two weeks getting ready for this sale. A man going to the country at this season of the year who has a blue serge coat of this or last year's vintage can come into my store and make a selection either of flannel or dark worsted, or maybe he can match his old coat. It will be just the thing for vacation purposes. I have hundreds of styles. Flannels in various shades, chevots, worsteds and tweeds and quite a few blue serge. For the first of the week a complete assortment of sizes, and would advise my old customers to call early and get the best selection.

Customers living at some distance from the Boston store can mail in their measures, with twenty cents additional to cover postage, and I will be pleased to mail a pair of these trousers to you this week. These goods are guaranteed absolutely all wool and worsted. None could be made up for less than five or six dollars in regular course of trade. I have put two prices on these goods. The better styles I will price at

\$2.65 the balance at \$2.15

UNCALLED FOR SUITS

This sale for the past week has been very successful. An inventory of my stock shows a great scarcity of medium sizes which I sold at the price of \$5.00. I have a great number of large and small sizes at this price. Some sold as high as \$18.00 and \$20.00, made up by union labor, and guaranteed all wool. An early call will get a better selection. Uncalled for suits—

\$5.00

I have a number of better grades in the medium sizes. These are nicely made and trimmed, and I can fit a man around thirty-eight, forty or forty-two. As this is the accumulation of all my stores, these suits will cost

\$7.00 and \$8.00

Tad's Ringside Pictures of the Leach Cross-Bud Anderson Fight

Courtesy, The International News Service

Tad saw the bout between Leach Cross and "Bud" Anderson at Los Angeles, on July 4. His clever drawings of this contest, which was won by Cross by a knockout in the twelfth round, were received by the Boston AMERICAN today, and are the first pictures of the big holiday battle to be published in Boston.

MITCHELL'S SIDELIGHTS ON SPORTS

THE King of Clubs is coming this season. The original old master of the Crows is in our midst. The boss of the under-empire has arrived. This figure is here.

It is said on unquestionable authority that as a club player has a combination of Barrietta, Orizer and Doveski listed in his record. In fact when Orizer is around Barrietta, Orizer and Doveski become criss-crosses of the under-empire.

As everybody knows, crabs can walk in any direction on land with out turning. Orizer can crab in any direction without turning a hair. Orizer was secured from the Chicago Nationals a few days ago and reported to Manager Stallings of the Boston Nationals in Philadelphia on Monday. He arrived here with the team and is ready for work whenever Stallings gives the word. Orizer is an outfielder and a good one and his excellent batter. Stallings had him in Boston as long ago as 1910. Mitchell, Leach and Schute were going so well for the Cubs that they had no place for Orizer so they let him go to Boston.

We welcome Mr. Orizer and hope these few lines will find him well.

PRESIDENT JAMES E. GAFNEY of the Boston Nationals accom-

panied by Mrs. Gaffney, is in Boston for the first time this season. Early in April Mr. Gaffney underwent an operation. It was supposed to be a simple affair, but soon after the operation his health took a serious turn and it is only recently that he has been able to attend to business. He is now on the high road to recovery and will remain in Boston for some time. Mr. and Mrs. Gaffney occupied a box at the South End grounds yesterday and saw the Boston team register a victory over the Cardinals.

MANAGER STALLINGS believes his new men are playing another and better ball than they played a month ago. Several of the men are improving in their work.

ALL the members of the Boston Nationals are in good physical shape now except silent John Tins. who is suffering from a strain. He ought to have two or three days' rest, but he has been hitting so well lately that Stallings likes to give him even for a day or two. Tins made a two-bagger and drew two passes on his trip to the plate yesterday and came over cheering at the end of the game. He drove the ball hard against the right field fence, the ball being put in a foot or two. There were two out at the time.

It is said that a new battery has started up in the Maine woods

to keep silent John supplied with touchbacks.

AL ORTH, who is paired with Bill Klein in the springing job, is here. Stalling Al has the National League surprise habit of making his decisions before a play is completed. Otherwise there is no fault to find in his work. Klein continues to give excellent satisfaction. There are many who consider him by far the best utility in the old major-league.

CAPTAIN BILL SWEENEY pulled off a rip-roaring catch of a line drive from the bat of Whitted in the second inning. The ball was travelling like a rifle shot when Bill made a run for it and stuck down his hand.

ALTHOUGH George Tyler got in bad several times early in the game he pulled himself out of the holes and finished in fine shape. He might not have been scored on except for a wild throw by McDonald in the second inning and a muff by Tins in the ninth.

STALLINGS' men are only four full games behind the Pirates, who are leading the second division. The present series with the Cards will settle for the moment the race for sixth place. If the locals win two games, this afternoon, it will help a lot.

TABER THROUGH WITH ATHLETICS FOR SOME TIME

By THOMAS J. HALPIN.

Norman S. Taber, winner of the National A. A. U. mile championship at Chicago last Saturday has retired from Athletics for some time.

Taber has had a splendid career on the cinder path, being one of the foremost track athletes in college ranks. If he had been running several years ago he would have been listed as the marvel of all times, but unfortunately enough, he had to compete against one of the greatest mile runners in the history of college sport, John Paul Jones of Cornell. Taber has had the distinction of holding a college championship in common with Jones, for in 1912 he ran a dead heat at the Pennsylvania games with the great Cornell captain.

Forced Jones to Record.

This year he set up records in the New England Intercollegiate track meet that will stand for some time to come. He forced Jones to lower his own record in the Big Intercollegiate a week later, and

last Saturday won the American mile championship title.

Taber went to Chicago to lower the record, and if he had had a good track to compete on he would have done so, for previous to his trip to the Windy City he was running three miles faster than he ever just before.

He graduated from Stevens University last June, and will leave some time this summer for England, where he is to attend Oxford University as a special student from Brown. He plans to spend three years there.

Will Train for Olympics.

When asked if he intended to compete in the English athletics season, "I do not think I will run again for some time. I am planning to lay away my running tops for two years, and in the early

Spring of 1918 I will start in training for the Berlin Olympic games that are to be held in the summer of that year.

"I will positively not compete in any open meet in England, but if the athletic boards insist on my competing for Oxford I may do so. I shall remain here three more years and will graduate in the Spring of 1916."

Arrest Cycle Racer at Newark Track

NEWARK, N. J., July 9.—Two officials and four riders were arrested after the finish of the five-mile motor-paced race at the stadium yesterday here last night. The riders arrested were Fred Hill and E. F. Root, both of Bos-

ton; Fred West, San Francisco and John King, Newark. The latter pair rode the motor cycles that paced Hill and Root. Ingalls M. Tipton, owner of the track and president of the Detroit Cadillac Motor Car Company, who furnished half for the riders and officials, declared today that he would carry the race to the highest courts before giving up the attempt to hold motor cycle races.
